

Engineering Faculty Council Proposed Motions

MOTION 1:

The College of Engineering summer faculty meeting may be replaced by an e-mail ballot if there is no other business on the meeting agenda except the approval of degree candidates.

MOTION 2:

College of Engineering faculty shall, in developing course policies for student absences and late submission of assigned work, give due consideration to the circumstances of those students who, in roles as primary caregivers, have dependents suffering medical emergencies or illnesses that require urgent attention.
