

# Homework 6

Due: 11/18/03
---------------

1. Problem 8.1
2. Problem 8.2
3. Use the techniques learnt in class to compare the results of 8.1 and 8.2 and present your recommendations.
  - Refer to Lecture 4 “Finding the Best System” (Comparing Alternate Solutions)
- Follow the guidelines of Chapter 13 while solving this homework.
  - Dry run for your projects.
  - Make sure your report covers each of the steps involved in conducting the simulation study, to get full points.
