

# Report of Quiz 1

## 1. Summary

	Number of Students
Total	171
Attended	153
Missed	18
Makeup	0

## 2. Comments

- 1) The mean and standard deviation is close to the previous years.
- 2) Many students did not use the correct equation for the shear stress ( $\tau = \mu \frac{du}{dy}$ ). These students' scores generally ranged 0 to 6.
- 3) Few students took the integral of the velocity instead of taking the derivate.
