  – style similar to midterm
  – six problems
    • based on material since the midterm
  – Material since midterm:
    • Chapters 4-7, 11
    • Didn’t cover chapter 8, specifically
    • Did some case studies that are not covered in detail in the text:
      – Pentium 4
      – IA-64/Itanium
      – Sun Niagara/T1
      – Intel Atom

Relevant Textbook Material
• Chapter 4: all sections
• Chapter 5: all sections
• Chapters 6, 7: Just need to know significant architectural features—don’t need to memorize details
• Chapter 11: all sections
• Lecture notes should be your primary study guide.
