

# Quiz 2 Report

9/15/2021

## 1. Summary

Total number of students	11
Attended	8
Missed	3
Average grade	8.13
Standard deviation of grades	1.27

## 2. Comments

- Many students could not calculate the pressure difference between Point A and B, so get the wrong answer for  $Q$
- Most of the student found the correct relation between  $V_A$  and  $V_B$  with the continuity equation
- Although the procedure is correct, a few of students made a mistake when they calculate the Bernoulli's equation.
