

Quiz 13 Report

12/1/2023

1. Summary

Total number of students	8
Attended	8
Missed	0
Average grade	8.19
Standard deviation of grades	1.22

2. Comments

- Most students did not convert the rotational velocity in rad/s, obtaining the wrong Re number
- Three students used the wrong L/D ratio, including the rod in the calculation, instead of using $L/D=1$ for the sphere
- Four students did not include the radius of the baseball in the calculation of the distance from the center of the rod, needed for estimating the velocity
